

## Pacific Rim Apostolic Network

Darrell and I are very excited about this initiative working with the Body of Christ to move God's Kingdom forward. The land's "First Peoples" hold the key to unlock the land and peoples, releasing God's Holy Fire and Kingdom Dominion Mandate throughout the Pacific Rim.

*Ephesians 2:20 Having been built on the foundation of the apostles and prophets, Jesus Christ Himself being the chief cornerstone (NKJV)*

Dr. C. Peter Wagner shared in *Breaking Spiritual Strongholds in your city*, "If any question remains whether human cultures were a part of the intentional purpose of God, they should be resolved by the Apostle Paul's remarks on Mars Hill in Athens. There he affirms, "He (God) has made from one blood every nation of men to dwell on all the face of the earth and has determined their preappointed times and the boundaries of their dwellings" (Acts 17:26). And what was God's purpose in making so many different people groups or cultures? "So that they should seek the Lord" (Acts 17:27). It was clearly a redemptive purpose (Wagner, 2015, p.57). When God's will is done on Earth, we see lost people saved; sick people with sufficient essentials; an end to wars, fighting, and bloodshed; oppressed people liberated; just governments; fair and equitable business practises; harmony among races (Wagner, 2015, p.23).

*Amos 3:7 Surely the Lord God does nothing,  
Unless He reveals His secret to His servants, the prophets (NKJV)*

God released a prophetic word through His prophet James Goll at Harvest International Ministries Global Summit 2021 regarding the West Coast Rumble from Vancouver, B.C. Canada down to Tijuana, Mexico. I will share my hypothesis that every event has a cause as far back as 8,000 years ago and the implications for practice, policy, leadership, and future research to unlock the territory to see God put his foot down on the west coast.

### ***Prophetic Word for the West Coast from James Goll - Global Summit 2021***

**Six years ago was the first time I gave the word.** *I heard in a dream, and I saw. The Lord said to me, "I am going to put my foot down on the West Coast, and I have a new dance step that I am going to do on the West Coast. And the West Coast is going to do the rumble. And there will be a churchquake that is going to occur on the West Coast. WHEN I PUT MY FOOT DOWN ON THE WEST COAST, THERE WILL BE A CHURCHQUAKE ON THE WEST COAST! And things are going to shake!* (James first released it - "It will begin in San Diego, not given to just one person - Che'Ahn will be a Papa to it).

**The following year.** *Never say again that the West Coast is the Left Coast, but say, "The West Coast is the righteous Coast." We have to declare what it is as if it is. (James could see Jim Wimber and the Righteous Brothers singing in a vision) Seeing Jim Wimber singing. The Lord said that it deals with sound. There is a sound, a revival sound, a reformation sound; there is a RUMBLE SOUND!*

**The following year.** *It is not just California or San Diego but also Tijuana, Mexico. It was for whoever was hungry and wants to be grafted in. It is about teams! It is about teams! This will go from Tijuana, Mexico, to Vancouver, Canada!*

*The West Coast rumble, when God steps out of Heaven, puts His foot down, there is a Churchquake, and God does a NEW dance step! And there will be signs and wonders in every Port City (and let us not limit it to only Port Cities). There are signs and wonders in every Port City! The healing and miracles will be easy! In those days in every Port City!*

**The third year.** *James saw Toni Kim (HIM Director) Saw the Vineyard movement again, where the Vineyard teams would go out, and James could see Toni Kim grafted into this. He would head up the "Healing Teams" that would go in to do follow-up equipping and training as a part (of what James understood) as the West Coast Rumble.*

*We know in part, we see in part, and we prophesy in part. But I keep on looking, and Daniel kept on looking, and he did not get "revelation fixation" Daniel chapters 7-9, Daniel kept on looking and kept on getting more. It is about John Wimber, Righteous Brothers, a sound, a rumble. It is about a worship sound, a worship movement, and a worship sound!*

**It is a season of upsetting the fruit basket!** *I have sent this great word to all the apostles, prophets, pastors, evangelists, and teachers I know. I have also put this word on my social platforms for all to see (Goll, 2021).*

## ***"The West Coast Rumble!"***

God is looking for a people who will humble themselves, repent of their forefathers' sins, co-labour with Him to heal the land, and dismantle the strongmen to see His Kingdom Come! The Lord has opened and continues to open doors and build meaningful Holy Spirit relational unity with the land's First Peoples. This is vital because they hold the keys that will unlock this whole Pacific Coast region. Our goal is to connect with the remnant of Creator's "The Great I Am" people all along the Pacific Rim to bring forth breakthrough. They hold the keys because they are the people group that has occupied this region from Vancouver, B.C. Canada, the United States coast, and to Mexico for thousands of years.

## ***Plans for Future Innovations***

We feel God is directing us to focus on being a part of God's remnant that unlocks the West Coast from Vancouver, B.C. Canada, throughout the Pacific Coast of the United States and Mexico. In James Goll's prophecy at the 2021 HIM Global Summit, he prophesied, "*I saw Toni Kim (HIM Director) Saw the Vineyard movement again, where the Vineyard teams would go out, and James could see Toni Kim grafted into this. He would head up the "Healing Teams" that would go in to do follow-up equipping and training as a part (of what James understood) as the West Coast Rumble" (Goll, 2021)*. Our relationship with Tony Kim is strategic. Having HIM as our apostolic covering and Che'Ahn as our Apostle is also strategic. Darrell and I also have a relationship with influencers and leaders from the First Peoples in Secwépemc Nation - Shuswap Nation, Sto:lo Nation - Lower Fraser Salish, Tl'Kemstin Nation - Lytton First Nation, the Nlakapamux (Thompson) Assembly: The five *bands* of the Nicola Tribes are: *the Coldwater Indian Band, Lower Nicola and Upper Nicola Indian Bands, Nooaitch Indian Band, and Shackan Indian Band in B.C. in Canada*. Building relationships with others in the HIM family and with Wagner University is also strategic in this pursuit. Arriving home from the 2023 Global Summit and partnering with you in this incredible assignment is also a divine appointment from Heaven. As God continues to gather His remnant in this corridor, the Pacific Coastal Rim, "The West Coast Rumble!" We feel the rumble is the anointed First People Drums, as the ones Pastor Jerry Chapman builds and dedicates to Creator, The Great I AM! The worship of the drums coming together as a sound along this coastal region, Creator is building relational unity, Holy Spirit is knitting hearts together, community to community, culture to culture for His Kingdom Dominion Mandate, God's bigger plan.

In *Native Chiefs and Famous Metis*, Holly Quan records, "The 49th parallel- to Native people, the Medicine Line-was established in 1849 as the division between America and British territories. The vast and unmapped lands north of the line continued to be of great interest to the Americans, who knew the British had only the slimmest of a foothold (Quan, 2009, p.19). Interestingly, the border of division has been in place for only 174 years, and for over 8000 years, the people moved throughout this corridor knowing the 49th parrel as the "Medicine Line."

Regenerate Apostolic Center (RAC) is ready to be used for God's purpose and plans and as His tool for online. God wants to utilize the online and on-site and has the potential to reach

tens of thousands via the Internet, and Social Media platforms, where there are no borders. RAC is 100% debt free. We have cameras, lighting, software for editing teachings, I.T. support, and Social Media platforms, and staff to etiquette this project with excellence. Our website is ready for online membership for a minimal cost of \$25.00 per month per member which is affordable for all. Once you are a member you have access to all the teachings and U-Tube Home Church teaching. RAC's software, Keap is the number one all-in-one CRM, sales, and marketing automation platform to help build relationships and keep everyone connected. RAC has put in place a "Closed Group" on FaceBook called "*Pacific Rim Apostolic Team*" You must follow *RAC\_Canada* on FaceBook and then we can add you to the closed network. We will also have everyone connected to email which we will send out a letter monthly and the date for a monthly Zoom meeting for everyone to connect.

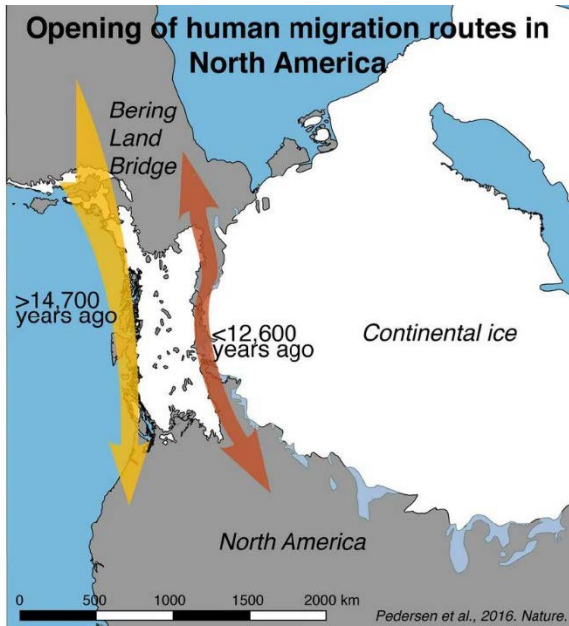

### *First Assignment*

The Lord wants us to look back to the origin of the people and culture He established in this corridor of the Pacific Rim in North America to Mexico. When looking at the evidence and oral stories of the "First Peoples" the land starts to paint a picture which we feel is worth future research for the breakthrough with Identificational repentance, restoration, revival and transformation.

**Onion Portage Oldest, Best-Dated Sites in the Arctic.** A Rare Window into History  
Extensive excavations at Onion Portage between 1964 and 1967 found evidence of nine different cultures dating back at least 8,000 years, possibly earlier. A team of archeologists uncovered stratigraphy over twenty feet deep in some places, making Onion Portage one of the oldest and best-dated sites in the Arctic.

Kobuk Valley National Park has been home to humans for as long as there have been people on this continent. During the last Ice Age, the valley remained ice-free and teamed with big game, including the woolly mammoth. Some of America's very first inhabitants called Kobuk Valley their home. At a wide bend in the Kobuk River called [Onion Portage](#), archeologists have found evidence that for at least 9,000 years, the caribou herd has been crossing the river there during their annual migrations. For just as long, humans have been gathering there to hunt them.

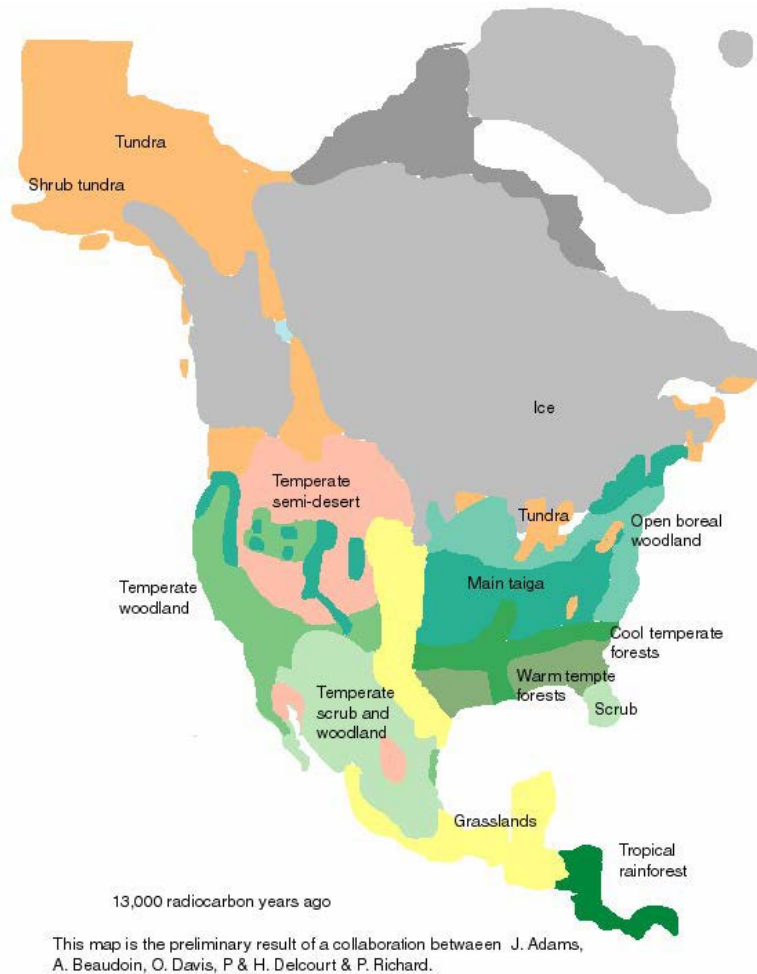

Excavations by archeologist [Louis Giddings](#) and others found evidence of nine distinct cultural groups who camped at Onion Portage, providing a window in time stretching back ten thousand years. The dig at Onion Portage established the cultural timeline used for the entire region. It remains one of the best-dated, continuously occupied sites in North America and one of the oldest. It is considered one of the most important archeological sites in the Arctic (Anderson, 2022).

**The Gateway, Interior of British Columbia, Canada.** "There is a Secwepemc story about how the salmon came into the Thompson River system, which casts the geological events of more than 9,000 years ago in a narrative of emerging relationships between humans and animals, as well as between people of neighbouring nations, adding political, social, and moral dimensions to the geological and ecological knowledge" (Ignace, Ignace, 2017, p.36). The location on the map shows the Interior of B.C., where there is evidence of tundra during the ice age: this was the gate into the Pacific Rim from Canada to Mexico, which James had prophesied about in 2021 at the HIM Global Summit. Darrell and I live at this gate which I feel is very strategic.

**Vancouver Region Oral History.** In *The Chilliwacks and Their Neighbors* by Oliver Wells, the documentation of the Vancouver region, "Dr. Borden has estimated that Indians were living at Yale 9000 years ago. The early ancestors of the Chilliwacks may have been living on the upper benches of the Chilliwack River at that time (Wells, 1987, p.16).

**Original People of Los Angeles County, The Kizh People. (*Kichireños People*)** (PRONOUNCED KEECH). People of the Willow house. The Kizh Nation shares, "The history of our people goes back thousands of years. For millennia, we developed a complex and beautiful culture, which included religion, astronomy, rich and varied cuisine, economy, and complex social structures. We developed ingenious ways to live sustainably off the land of Southern California and its natural resources. The name of our tribe, Kizh, comes from the dome-like dwellings we lived in, primarily along rivers. We were one of two California tribes who mastered boatbuilding and travelled along the coast of Southern California.

In the 1700s, Spain began to colonize California and thus began the long journey of suffering for our people. The missions they established were like concentration camps, where our people were forced to live as enslaved people and abandon our sacred traditions and culture. Having lost much of our land and sovereignty, we worked on the ranches of prominent Spanish and Mexican landowners. Our people often intermarried with these families, so today, we have a mixed ancestry, though we have the documents to prove that we descend from the original inhabitants (Kizh Nation, 2022). The Kizh people's religion was from the Chinigchinich cult. Through astrology, they worshipped Ursa Major (Latin: "Greater Bear"); shamans and wizards were a part of their culture of worship and influence.

**The Kizh Nation-Gabrieleño Band of Mission Indians.** Being the first inhabitants of the area, the Spanish named the Kizh people "Gabrieleño." Originally part of the Shoshone tribes

of the Great Basin area of L.A., they were hunters and gatherers who first walked to L.A. over six thousand years ago. One of their settlements was located on the banks of San Jose Creek, just east of the facility grounds (WNNC, 2022).

### ***Conclusion***

As Jonni researched all these areas and read their history, it was incredible to see that these vibrant people were on this land for thousands of years, and the similarities from community to community and nation to nation were also similar.

The devastation and destruction, as well as the occult practices, were again similar. Jonni dove in deeper and researched Hollywood and Las Angeles, California, to see if the history was the same as with the conquering and colonization by the Europeans. She found it was again the same throughout this entire corridor!

Together with the RAC training online and the once-a-month Zoom meeting, we can move forward together from nation to nation along the Pacific Rim. As you become a member of RAC, all teaching is available to you. The teaching is on spiritual warfare, deliverance, Inner Healing, and training on becoming a warrior for the "Great I AM" You will learn how to cleanse your home, land and businesses, dismantle generational curses, and learn about the strongmen in your land and communities.

You will join the private FB network "Pacific Rim Apostolic Team" and be emailed the zoom connect monthly with updates through this region. "Together we will co-labour with "The Great Creator" and through the power of Jesus Christ, the Holy Spirit we will see breakthrough, healing, restoring, and reviving from the destruction and defilement that has happened holding the captive's hostage from "God's Kingdom Come along this corridor "The Pacific Rim!"

If you have friends, or family that would also like to be a part of the network, please invite them, we want to leave no one out of this great move of God!

Blessings,  
Darrell and Dr. Jonni Yeomans
